

Tables

Comment [SJH1]: I think (and hope) that these are all the tables in the text. If any new tables are included, they will need to be added to the list.

Intro.1	Space and time data for various planets	00
Intro.2	Space–time data for the sun	00
1.1	The lunar seasons	00
1.2	Seasons of the ancient Arabs	00
1.3	Alavi’s division of the months and seasons	00
1.4	Names of the days of the week: A comparison	00
1.5	Names of the months of the year: A comparison	00

Acknowledgements

I wish to offer my very grateful thanks to the Conference sponsors, the Ameer Khusro Society of America, in collaboration with the John Templeton Foundation, the Illinois Humanities Council, the Islamic Heritage Foundation, and the University of Chicago.

I should also like to express my deep appreciation for the wide range of assistance (financial, administrative, research, publication) as well as the useful discussions, advice, and general support offered by the following individuals and organizations: Professor Nasrollah Pourjavady, University of Tehran, Mr. Abdullah Kashani, Mr. Farhad Hashemi, Mr. Wahajuddin Ahmed, Mrs. Shireen Pishadadi, Mr. Yaser Saga, Mr. Ather Asad, Mr. Afroz Asad, and others of the Islamic Heritage Foundation. The Board of the Islamic Thought and Science Institute. Mr. [First name](#) Zaheeruddin and the late [Mr.](#) Salahuddin Saadi, Iqbal Academy of Hyderabad. Dr. Mohammed Suheil Umar, Iqbal Academy of Lahore. Members of the Ershad Society. Members of al-Azhar Foundation. Dr. Abdul Hamid Abu Sulayman, Dr. Jamal Barzinji, Dr. Louay Safi, Hagga Abugideiri, Dr. Hisham al-Talib, and Dr. Fathi Malkawi of the International Institute of Islamic Thought. Professor Asma Afsaruddin, University of Notre Dame, Southbend, Indiana.

Last, but certainly not least, I am grateful to my wife, Mrs. Nasreen Ahmed, for her encouragement, help, and cooperation throughout the production of this work.
